"(2) In order to effect a transition to the forward funding method of timing appropriation action described in paragraph (1), there are authorized to be appropriated, in an appropriation Act or Acts for the same fiscal year, two separate appropriations to carry out this Act, the first of which shall not be subject to paragraph (1)."

SEC. 10. Section 111 of the Act (as redesignated by section 4(a)(1) of this Act) is amended by redesignating subsection (b) as subsection (c) and by striking out subsection (a) and inserting in lieu thereof the following:

"SEC. 111. (a)(1) If the sums appropriated for any fiscal year pursuant to section 110(a)(2) for grants under section 107 are not sufficient to pay in full the total amount which approved applicants are eligible to receive under such section for such fiscal year—

"(A) the Secretary shall first allocate to each such applicant which received funds under section 107 for the preceding fiscal year an amount equal to 95 per centum of the product of—

"(i) the per capita payment for the preceding fiscal year; and

"(ii) such applicant's Indian student count for the current fiscal year;

"(B) the Secretary shall next allocate to applicants who did not receive funds under such section for the preceding fiscal year an amount equal to 100 per centum of the product of—

"(i) the per capita payment for the preceding fiscal year; and

"(ii) the applicant's Indian student count for the current fiscal year; in the order in which such applicants have qualified for assistance in accordance with such section so that no amount shall be allocated to a later qualified applicant until each earlier qualified applicant is allocated an amount equal to such product; and

"(C) if additional funds remain after making the allocations required by subparagraphs (A) and (B), the Secretary shall allocate such funds by—

"(i) ratably increasing the amounts of the grants determined under subparagraph (A) until such grants are equal to 100 per centum of the product described in such subparagraph; and

"(ii) then ratably increasing the amounts of both (I) the grants determined under subparagraph (A), as increased under clause (i) of this subparagraph, and (II) the grants determined under subparagraph (B).

"(2) For purposes of paragraph (1) of this subsection, the term 'per capita payment' for any fiscal year shall be determined by dividing the amount available for grants to tribally controlled community colleges under section 107 for such fiscal year by the sum of the Indian student counts of such colleges for such fiscal year. The Secretary shall, on the basis of the most satisfactory data available, compute the Indian student count for any fiscal year for which such count was not used for the purpose of making allocations under this title.

"(b)(1) If the sums appropriated for any fiscal year for grants under section 107 are not sufficient to pay in full the total amount of the grants determined pursuant to subsection (a)(1)(A), the amount which applicants described in such subsection are eligible to receive under section 107 for such fiscal year shall be ratably reduced.

"(2) If any additional funds become available for making payments under section 107 for any fiscal year to which subsection (a) or paragraph (1) of this subsection applies, such additional amounts shall be allocated by first increasing grants reduced under paragraph (1) of this subsection on the same basis as they were reduced and by then allocating the remainder in accordance with subsection (a). Sums appropriated in excess of the amount necessary to pay in full the total amounts for which applicants are eligible under section 107 shall be allocated by ratably increasing such total amounts.

"(3) References in this subsection and subsection (a) to section 107 shall, with respect to fiscal year 1983, be deemed to refer to section 106 as in effect at the beginning of such fiscal year."

SEC. 11. Section 112 of the Act (as redesignated by section 4(a)(1) of this Act) is amended to read as follows:

"REPORT ON FACILITIES

"SEC. 112. (a) The Administrator of General Services shall provide for the conduct of a study of facilities available for use by tribally controlled community colleges. Such study shall consider the condition of currently existing Bureau of Indian Affairs facilities which are vacant or underutilized and shall consider available alternatives for renovation, alteration, repair, and reconstruction of such facilities (including renovation, alteration, repair, and reconstruction necessary to bring such facilities into compliance with local building codes). Such study shall also identify the need for new construction. A report on the results of such study shall be submitted to the Congress not later than 18 months after the date of enactment of this subsection. Such report shall also include an identification of property—

"(1) on which structurally sound buildings suitable for use as educational facilities are located, and

"(2) which is available for use by tribally controlled community colleges under section 202(a)(2) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 483(a)(2)) and under the Act of August 6, 1956 (70 Stat. 1057; 25 U.S.C. 443a).

"(b) The Administrator of General Services, in consultation with the Bureau of Indian Affairs, shall initiate a program to conduct necessary renovations, alterations, repairs, and reconstruction identified pursuant to subsection (a) of this section.

"(c) For the purposes of this section, the term 'reconstruction' has the meaning provided in the first sentence of subparagraph (B) of section 742(2) of the Higher Education Act of 1965 (20 U.S.C. 1132e-1(2)(B))."

SEC. 12. Section 113 of the Act (as redesignated by section 4(a)(1) of this Act) is amended to read as follows:

"CONSTRUCTION OF NEW FACILITIES

"SEC. 113. (a) With respect to any tribally controlled community college for which the report of the Administrator of General Services under section 112(a) of this Act identifies a need for new construction, the Secretary shall, subject to appropriations and on the basis of an application submitted in accordance with such require-

ments as the Secretary may prescribe by regulation, provide grants for such construction in accordance with this section.

"(b) In order to be eligible for a grant under this section, a tribally controlled community college—

"(1) must be a current recipient of grants under section 105 or 107, and

"(2) must be accredited by a nationally recognized accrediting agency listed by the Secretary of Education pursuant to the last sentence of section 1201(a) of the Higher Education Act of 1965 (20 U.S.C. 1141(a)), except that such requirement may be waived if the Secretary determines that there is a reasonable expectation that such college will be fully accredited within eighteen months. In any case where such a waiver is granted, grants under this section shall be available only for planning and development of proposals for construction.

"(c)(1) Except as provided in paragraph (2), grants for construction under this section shall not exceed 80 per centum of the cost of such construction, except that no tribally controlled community college shall be required to expend more than \$400,000 in fulfillment of the remaining 20 per centum. For the purpose of providing its required portion of the cost of such construction, a tribally controlled community college may use funds provided under the Act of November 2, 1921 (25 U.S.C. 13), popularly referred to as the Snyder Act.

"(2) The Secretary may waive, in whole or in part, the requirements of paragraph (1) in the case of any tribally controlled community college which demonstrates that neither such college nor the tribal government with which it is affiliated have sufficient resources to comply with such requirements. The Secretary shall base a decision on whether to grant such a waiver solely on the basis of the following factors: (A) tribal population; (B) potential student population; (C) the rate of unemployment among tribal members; (D) tribal financial resources; and (E) other factors alleged by the college to have a bearing on the availability of resources for compliance with the requirements of paragraph (1) and which may include the educational attainment of tribal members.

"(d) If, within twenty years after completion of construction of a facility which has been constructed in whole or in part with a grant made available under this section—

"(1) the facility ceases to be used by the applicant in a public or nonprofit capacity as an academic facility, unless the Secretary determines that there is good cause for releasing the institution from this obligation, and

"(2) the tribe with which the applicant is affiliated fails to use the facility for a public purpose approved by the tribal government in furtherance of the general welfare of the community served by the tribal government,

title to the facility shall vest in the United States and the applicant (or such tribe if such tribe is the successor in title to the facility) shall be entitled to recover from the United States an amount which bears the same ratio to the present value of the facility as the amount of the applicant's contribution (excluding any funds provided under the Act of November 2, 1921 (25 U.S.C. 13)) bore to the original cost of the facility. Such value shall be determined by

agreement of the parties or by action brought in the United States district court for the district in which such facility is located.

"(e) No construction assisted with funds under this section shall be used for religious worship or a sectarian activity or for a school or department of divinity.

"(f) For the purposes of this section—

"(1) the term 'construction' includes reconstruction or renovation (as such terms are defined in the first sentence of subparagraph (B) of section 742(2) of the Higher Education Act of 1965 (20 U.S.C. 1132e-1(2)(B))); and

"(2) the term 'academic facilities' has the meaning provided such term under section 742(1) of the Higher Education Act of 1965 (20 U.S.C. 1132e-1(1))."

SEC. 13. The Act is further amended by adding at the end thereof the following new title:

"TITLE III—TRIBALLY CONTROLLED COMMUNITY COLLEGE ENDOWMENT PROGRAM

"PURPOSE

"SEC. 301. It is the purpose of this title to provide grants for the encouragement of endowment funds for the operation and improvement of tribally controlled community colleges.

"ESTABLISHMENT OF PROGRAM; PROGRAM AGREEMENTS

"SEC. 302. (a) From the amount appropriated pursuant to section 306, the Secretary shall establish a program of making endowment grants to tribally controlled community colleges which are current recipients of assistance under section 107 of this Act or under section 3 of the Navajo Community College Act. No such college shall be ineligible for such a grant for a fiscal year by reason of the receipt of such a grant for a preceding fiscal year, but no such college shall be eligible for such a grant for a fiscal year if such college has been awarded a grant under section 333 of the Higher Education Act of 1965 for such fiscal year.

"(b) No grant for the establishment of an endowment fund by a tribally controlled community college shall be made unless such college enters into an agreement with the Secretary which—

"(1) provides for the establishment and maintenance of a trust fund at a federally insured banking or savings institution;

"(2) provides for the deposit in such trust fund of—

"(A) any Federal capital contributions made from funds appropriated under section 306;

"(B) a capital contribution by such college in an amount equal to the amount of each Federal capital contribution; and

"(C) any earnings of the funds so deposited;

"(3) provides that such funds will be deposited in such a manner as to insure the accumulation of interest thereon at a rate not less than that generally available for similar funds deposited at the same banking or savings institution for the same period or periods of time;

"(4) provides that, if at any time such college withdraws any capital contribution made by that college, an equal amount of Federal capital contribution shall be withdrawn and returned to the Secretary for reallocation to other colleges;

"(5) provides that no part of the net earnings of such trust fund will inure to the benefit of any private person; and

"(6) includes such other provisions as may be necessary to protect the financial interest of the United States and promote the purpose of this title and as are agreed to by the Secretary and the college, including a description of recordkeeping procedures for the expenditure of accumulated interest which will allow the Secretary to audit and monitor programs and activities conducted with such interest.

"USE OF FUNDS

"SEC. 303. Interest deposited, pursuant to section 302(b)(2)(C), in the trust fund of any tribally controlled community college may be periodically withdrawn and used, at the discretion of such college, to defray any expenses associated with the operation of such college, including expense of operations and maintenance, administration, academic and support personnel, community and student services programs, and technical assistance.

"COMPLIANCE WITH MATCHING REQUIREMENT

"SEC. 304. For the purpose of complying with the contribution requirement of section 302(b)(2)(B), a tribally controlled community college may use funds which are available from any private or tribal source.

"ALLOCATION OF FUNDS

"SEC. 305. (a) From the amount appropriated pursuant to section 306, the Secretary shall allocate to each tribally controlled community college which is eligible for an endowment grant under this title an amount for a Federal capital contribution equal to the amount which such college demonstrates has been placed within the control of, or irrevocably committed to the use of, the college and is available for deposit as a capital contribution of that college in accordance with section 302(b)(2)(B), except that the maximum amount which may be so allocated to any such college for any fiscal year shall not exceed \$350,000.

"(b) If for any fiscal year the amount appropriated pursuant to section 306 is not sufficient to allocate to each tribally controlled community college an amount equal to the amount demonstrated by such college pursuant to subsection (a), then the amount of the allocation to each such college shall be ratably reduced.

"AUTHORIZATION OF APPROPRIATIONS

"SEC. 306. (a) There is authorized to be appropriated to carry out the provisions of this title \$5,000,000 for each of the fiscal years 1985, 1986, and 1987.

"(b) Any funds appropriated pursuant to subsection (a) are authorized to remain available until expended."

SEC. 14. Section 5(a)(1) of the Navajo Community College Act is amended by striking out "October 1, 1979" and inserting in lieu thereof "October 1, 1984".

SEC. 15. In promulgating any regulations to implement the amendments made by this Act, the Secretary of the Interior shall consult with tribally controlled community colleges.

And the House agree to the same.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the House to the bill (S. 726) to amend and extend the Tribally Controlled Community College Assistance Act of 1978, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The House amendment struck out all of the Senate bill after the enacting clause and inserted a substitute text.

The Senate recedes from its disagreement to the amendment of the House with an amendment which is a substitute for the Senate bill and the House amendment. The differences between the Senate bill, the House amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clarifying changes.

(1) The Senate bill, but not the House amendment, prohibits counting credit hours taken in continuing education courses in the "Indian Student Count" for purposes of funding under this program, if the course is otherwise supported by a Federal grant, contract, or cooperative agreement. The Senate recedes.

(3) The Senate bill, but not the House amendment, limits each individual student to seventy-five credit hours in a two-year program and to one hundred fifty credit hours in a four-year program to be counted for support under this program. The House recedes with an amendment which incorporates the original House language and adds a provision by which hours earned by an Indian student shall be counted for purposes of computing the Indian Student Count if the student is making satisfactory progress toward a degree or certificate in accordance with standards and practices of the appropriate accrediting agency or the institution at which the student is in attendance.

The Conferees wish to emphasize that credit hours generated by Indian students participating in single classes, which may or may not be part of the institution's continuing or community education program, but which lead to a certificate shall be counted in determining the institution's Indian Student Council.

(4) The Senate bill uses the term "credit hours" in section 1 (section 2(b)(1) of the Act as amended by the Senate bill). The House amendment uses the term "number" in the parallel House provision—section 1 of the House bill (section 2(b) of the Act as amended by the House bill). The Senate recedes.

(5) The Senate bill authorizes "improvement and expansion" of the physical resources of the colleges. The House amendments au-

thorizes "repair and renovation" of those resources. The House recedes.

(6) The House amendment, but not the Senate bill, designates \$4,000 per FTE for Fiscal Year 1983. The House recedes.

(7) The Senate bill, but not the House amendment, authorizes funding for Section 113 of the Act. The House recedes.

(8) The Senate bill provides that no new school may enter the program until existing schools receive the total dollar amount each received in the preceding fiscal year, regardless of changes in enrollment. The House amendments provides that no new school may enter the program until each of the existing schools receives the same amount per FTE received in the preceding fiscal year times its FTE count for the current year. The House recedes with an Amendment. The House Amendment mandates that before any newly eligible tribally controlled college may receive funds under section 107, existing institutions must receive 95 percent of the product of their per capita payment from the preceding year and their Indian Student Count for the current fiscal year—before awards are made to those institutions which did not receive funds in the previous fiscal year. If the 95 percent condition is met, then the newly eligible school receives 100 percent of the funds it is eligible to receive. The conferees intent that funds remaining will next be allocated to bring the existing institutions up to 100 percent of the product of their per capita payment for the preceding year and their Indian Student Count for the current year. Any funds remaining after those allocations shall be used to ratably increase the grants to all institutions.

(9) The House amendment, but not the Senate bill, contains a subsection which refers to designation of section numbers prior to the effective date of these amendments. The Senate recedes with an amendment that changes the designation of 1982 to 1983.

(10) The Senate bill sets the due date for the facilities report at September 30, 1985. The House amendment sets the due date at September 30, 1984. The House recedes with an Amendment. The House Amendment provides that the facilities report be submitted to the Congress 18 months after the enactment of the bill. It is the Conferees expectation that the Department of the Interior will request appropriations sufficient for the General Services Administration to carry out the study.

(11) The Senate bill, but not the House amendment, authorizes construction of facilities. The House recedes.

(12) The House amendment, but not the Senate bill, repeals existing section 113 of Public Law 95-471, as redesignated. The House recedes.

(13) The Senate bill, but not the House amendment, establishes an endowment program. The House recedes with an amendment. The House Amendment adds language to the Senate provision prohibiting an award under the endowment provisions of this act, if the institution receives an award under Title III, Part C Challenge Grants in the same fiscal year. The Challenge Grants section of Title III was recently amended by Public Law 98-95 to permit use of Part C funds for endowment building.

(14) The House amendment, but not the Senate bill, extends the authorization of Section 5(a)(1) of the Navajo Community College Act through fiscal year 1987. The Senate recedes.
